HOBBIES

Highly skilled and dedicated physics graduate with a passion for web development and a diverse set of technical skills. Proficient in front-end development, ReactJS, Blender, MS software suite, circuit design and analysis, HTML, CSS, JavaScript, Python, Django, CAD design, SketchUp, and graphics design. Demonstrates a strong ability to apply scientific principles to problem-solving, coupled with a creative mindset and a keen eye for aesthetics. Adept at collaborating with cross-functional teams to deliver high-quality and visually appealing web applications. Possesses excellent communication and interpersonal skills, enabling effective collaboration with clients and stakeholders. Committed to continuous learning and staying up-to-date with the latest industry trends and technologies. Seeking opportunities to leverage my physics background and technical expertise to contribute to cutting-edge projects.
